I'm a creative thinking, highly motivated freelance location sound recordist and recording engineer based in Durban, S.A. I specialize in production and post-production audio which entails sound design, sound editing, final mix, studio recording & location sound recording. I am the chief mix engineer at [finalmixstudio.com](http://finalmixstudio.com)

Over the past couple of years I have mixed *over 700 episodes* for broadcast! I'm passionate about what I do!

Below is a selection of some of my work.
